**Subject:** Public Comment Period Re-opening for the Neonicotinoids

Hi Timothy,

The agency received comments requesting an additional public comment period due to recent time constraints and delays. For this reason, the agency is re-opening the public comment period for an additional 30-days from the date of announcement. That announcement is set to publish on May 19, 2020.

Please let me know if you have any other questions,

Best,

**Matthew B. Khan**
